

You would not buy a car without taking a test drive, so why would you stock up on a window film before you perform a test installation. The best way to get to know a window film product is to install a sample and to make the selection process easy we offer 2 sample roll programs.

## 1) Complementary Sample Roll Program

Express Window Films offers complementary sample rolls to professional window film dealers and installers. In order to establish eligibility, we ask that you provide us with copies of the following:

- 1) This completed sample roll request form.
- 2) Recent (within 60 days) invoice from a competing window film supplier.

☐ I qualify for a complementary sample roll.

Express Window Films  
22 Shelter Rock Lane #106  
Danbury, Connecticut 06810

## 2) Standard Sample Roll Program

We limit complementary sample rolls to professional window film dealers and installers currently buying from competing window film suppliers. However, if you cannot provide a copy of a recent (within 60 days) invoice from a competing window film supplier, EWF offers sample rolls for \$35 plus shipping. When you opt for the Standard Sample Roll Program, you will receive a coupon code valued at \$35. This coupon code is good for one calendar year and can be used during checkout for EWF online orders only.

☐ I will pay for my sample roll.
