Since 1982, our experience makes yours better.

### CR Classic Ceramic

The ultimate automotive window film from Express has it all: great looks, impressive performance and the protection of a lifetime limited warranty. Express CR Classic Ceramic incorporates ceramic technology to produce a metal free, color stable window film that is ideal for demanding automotive enthusiasts.

CR Classic Ceramic Blue options are spectrally selective - blocking infra-red heat while letting in visible light. These high visible light transmittance films are perfect for restrictive local tint laws or when you want solar and safety benefits without the traditional darker appearance.

#### Performance Specifications

	VLT	GR	TSER
CR Classic Ceramic Blue 86	86	6	27
CR Classic Ceramic Blue 80	78	14	42
CR Classic Ceramic 70	70	30	49
